

May 2010 Fine Arts Festival Art Reflection Sheet

Thank you for taking time to view and share your thoughts with a Friends Select artist about his or her work. Not only is each student justifiably proud of the work, but he or she has learned new skills and developed a critical eye for art in the process.

This activity is required for each student who is exhibiting work in the show. We ask each student to find two adults with whom to share his/her art work this evening. As the art patron for this student's work, we ask that you look thoughtfully, listen to the student's statement about the piece and then write, or permit the student to write, your reflections in the space below.
